Re: City Manager Report

COVID-19 (Coronavirus)

As expected, we have begun to see an acceleration in the number of new cases, and a corresponding rise in our active case totals, since the Christmas and New Year holiday. Over a 7-day period (1/4 to 1/11) we jumped from our previous high of 149 active cases to our new high of 199 active cases. When viewed in light of the surrounding metro cities, thankfully, we are still below the average and median numbers for both cumulative and active cases per 1,000 population, (Note: you will see that I adjusted the cumulative comparison from per capita to a per 1,000 population starting this meeting) although our cases per 1,000 have increased from the previous reporting period.

We have started to receive complaints from the public on area businesses not enforcing the mask mandate for their customers, and in some cases, not requiring their employees to wear masks. The police department is responding to those as they come in and dealing with each situation as appropriate. We have not written any citations so far.

Building Starts in Metro

I have included two charts that outline metro area home starts. The first is from 2019 when Glenpool had 29 total home starts. The second is from 2020 when Glenpool had 73 starts. These numbers may differ slightly from our internal reporting as they track home starts and we track building permits issued.

From 2019 to 2020, the metro area experienced a 22.7% growth in total housing starts while Glenpool experienced 151.7% growth. I expect we will continue to see growth in our housing construction for 2021 based on the new neighborhoods we should have coming online this year.

Development Related Notes

Some or all of this may be covered in the Community Development Report, but I felt it was worthwhile to also mention here.

- The Glenpool Ridge Senior Living Project has officially broken ground. This project took a while to get to this point and we are excited to see it moving forward.
- The Redbud Glen Addition has also finally broken ground and is moving forward. This development is scheduled to have homes in the \$300,000 and up price point.
- Dollar Tree has broken ground at 121st next to Chick-fil-A.
- The Elwood Creek project has broken ground along 151st. It will have both a retail and warehouse component to it.
- Floyd's RV is planning a groundbreaking ceremony either later January or early February.
- We have 15 building permits ready to be issued in the Scissortail residential development that we will issue as soon as we have a couple of final items completed by the developer.
- Amazingly, we have processed 67 (and counting) individual medical marijuana related license applications within the City limits. These include dispensaries and grow operations.

- Public Works: 2 positions
- Fire Department: 2 positions

Notes:

April 1st total included the numbers for all of March.

Totals prior to 7/29/2020 are weekly totals as reported by the TCCHD. There were weeks on their spreadsheet that did not have totals on it, but I was told that only two cases were missing from the total.

The TCCHD did not send "Recovered" totals with their data.

Totals beginning 07/29/2020 are gathered from the OKSDH website.

Re: Nepotism Policy Amendment

Background:

The IAFF has requested the City rescind the nepotism policy currently in place so that family members of current fire fighters are eligible to apply and work in the department. Staff is opposed to this policy change because it creates the potential for favoritism in hiring practices, promotional policies and work duties, and it potentially forces supervisors to send their relatives into dangerous and life-threatening situations. After discussions with the union, I agreed to bring this item to Council for consideration despite my objection to it.

If Council desires to allow an exception to our City policy for the fire department, I recommend that be done through the Collective Bargaining Agreement rather than changing the policy.

Staff Recommendation:

Staff recommends no action on this item.

ARTICLE 2: EMPLOYMENT POLICIES

SECTION 2.9 Nepotism

No elected or appointed official of the City with hiring authority shall hire for any paid office or position in the City any person related to her/himself or to any other elected or appointed official by blood or marriage within the third degree of consanguinity or affinity. This section shall not prohibit an officer or employee who is already in paid service of the City from continuing in such service or from promotion therein. A person may hold more than one office or position in the City, subject to approval by the City Council. No member of the City Council shall receive compensation for service in any municipal office or position other than her/his elected office.
