AGENDA

- A) **Call to Order - Joyce G. Calvert, Chair**
- B) **Roll Call, Declaration of a Quorum - Lesli Smith, City Clerk; Joyce G. Calvert, Chair**
- C) **Management Report**
- D) **Trustee Comments**
- E) **Public Comments**
- F) **Consideration and appropriate action relating to a request for approval of the Consent Agenda.**

(All matters listed under "Consent" are considered by the GUSA Board to be routine and will be enacted by one motion. Any Trustee may, however, remove an item from the Consent Agenda by request. (A motion to adopt the Consent Agenda is non-debatable.)

 - 1) To approve the minutes from the February 2, 2026, meeting.
 - 2) To approve Budget Amendment GUSA-05, appropriating funds from an OMAG auto insurance claim.

G) **Consideration and appropriate action relating to items removed from the Consent Agenda**

H) **Scheduled Business**

- 1) **Discussion and possible action to approve, amend, or deny Consent Order Case No. 25-250 concerning a permit violation involving the discharge of partially treated wastewater resulting in a fish kill.**
(David Agbetunsin, City Engineer)
- 2) **Discussion and possible action to approve, amend, or deny Pay Application No. 12 submitted by Crossland Heavy Contractors for the Wastewater Treatment Plant Improvements Project.**
(David Agbetunsin, City Engineer)
- 3) **Discussion and possible action to approve, amend, or deny Pay Application No. 13 submitted by Crossland Heavy Contractors for the Wastewater Treatment Plant Improvements Project.**
(David Agbetunsin, City Engineer)
- 4) **Discussion and possible action to approve, amend, or deny the Work Change Directives No. 5, with Allowance Authorizations #17, and #18, for the Wastewater Treatment Plant Project**
(David Agbetunsin, City Engineer)
- 5) **Wastewater Treatment Facility Project Monthly Update**
(David Agbetunsin, City Engineer)

I) **Adjournment**

This notice and agenda was posted at Glenpool City Hall, 12205 S Yukon Ave. Oklahoma, on 2-27-2026 at 11:30 a.m.

Signed: Lesli Smith
City Clerk

To direct staff to prepare a resolution for consideration by the Board amending GUSA utility rates using "Model A" providing an over age 65 rate.

CARRIED.

- 2) Wastewater Treatment Facility Project Monthly Update
There was no motion or vote taken. This was a presentation only by City Engineer David Agbetunsin.

I) **Adjournment**

The meeting was adjourned at 7:20 P.M.

To: Honorable Chair and Trustees, Glenpool Utility Service Authority

From: Josh Brannon, Finance Director

Meeting Date: March 2, 2026

Department/Office: Finance

Item Name: FY25-26 Budget Amendment GUSA-05

Summary:

GUSA recently received auto insurance claim proceeds from OMAG in the amount of \$3,466.29 for a claim involving damage to a Water Distribution vehicle. This Budget Amendment appropriates the use of such funds for the repair of the associated vehicle.

Recommended Action:

Staff recommends approval of Budget Amendment GUSA-05.

Budget:

Mayor and Council, City of Glenpool

From: David Agbetunsin, City Engineer

Meeting Date: March 2, 2026

Department/Office: Engineering Department

Item Name:

Summary:

The Glenpool Utility Services Authority (GUSA) has received Consent Order No. 25-250 from the Oklahoma Department of Environmental Quality (DEQ) regarding an unpermitted discharge of partially treated wastewater that resulted in a fish kill.

On October 2, 2025, during construction activities at the Wastewater Treatment Plant (WWTP), Crossland Heavy Contractors inadvertently damaged an effluent force main, causing the release of partially treated wastewater from the lagoon system. The contractor responded promptly and made reasonable efforts to repair the line and stop the unauthorized discharge.

Following discussions and coordination with DEQ, the City has been assessed an administrative penalty of Ten Thousand Dollars (\$10,000.00). Payment is required within thirty (30) days of executing the Consent Order.

After further discussions with Crossland Heavy Contractors, the contractor has agreed to provide a \$10,000 credit to the project to fully offset the penalty assessed by DEQ. This fine shall be expensed from GL Account # 06-6-18-6333.

Recommended Action:

Staff recommends that the GUSA Board approve the consent order and authorize staff to pay the assessed penalty of Ten Thousand Dollars (\$10,000.00).

Budget:

\$10,000

Re: Consent Order Case No. 25-250
Glenpool Wastewater Treatment Facility
Citizen Complaint No. 193382
Facility No. S-20403
OPDES Permit No. OK0027138
Problem(s): Permit Violation(s); Discharge Partially Treated Wastewater Resulting in a
Fish Kill

Dear Ms. Calvert:

The enclosed Consent Order Case No. 25-250 (“Consent Order”) requires the Glenpool Utility Services Authority (“Authority”) to perform certain tasks to prevent further unpermitted discharges from its Wastewater Treatment Facility (“WWTF”) into Coal Creek. This Consent Order also assesses an administrative penalty for an unpermitted discharge that occurred when the force main between the headworks of the WWTF and lagoon was severed in two (2) places by heavy equipment working in the area, which resulted in a fish kill.

Please sign and mail the original to me: Oklahoma Department of Environmental Quality (“DEQ”), Legal Division, P.O. Box 1176, Oklahoma City, Oklahoma 73101-1176. **A file-stamped copy of the signed original will be returned to you.** If this Consent Order is not signed and returned to DEQ within thirty (30) days of the date of this letter, we will pursue other enforcement actions to ensure compliance.

If you have any questions concerning this Consent Order, please contact Emily Snodgrass, District Representative, Municipal Wastewater Enforcement Section, Water Quality Division, DEQ, at (405) 702-8125 or write to Ms. Snodgrass at the address in the prior paragraph.

Sincerely,

A handwritten signature in blue ink that reads "April Bergdall Eberle".

April Bergdall Eberle,
Supervising Environmental Attorney,
Oklahoma Department of Environmental Quality,
Office of General Counsel,
Water Quality Division

Enclosure: As stated

**STATE OF OKLAHOMA
DEPARTMENT OF ENVIRONMENTAL QUALITY
WATER QUALITY DIVISION**

**IN THE MATTER OF:
Glenpool Utility Services Authority,**

Respondent,

Case No. 25- 250

Complaint No. 193382

Facility No. S-20430

OPDES Permit No. OK0027138

**Problem(s): Permit Violation(s); Discharge
without a Permit resulting in a fish
kill**

CONSENT ORDER

The parties to this case, the State of Oklahoma, ex rel. Department of Environmental Quality (“DEQ”) and the Glenpool Utility Services Authority (“Respondent”) agree to this Consent Order (“Consent Order”) in order to resolve certain environmental compliance issues.

This Consent Order supersedes and closes Notice of Violation (“NOV”), No. S-20430-25-1 issued to Respondent on November 21, 2025.

FINDINGS OF FACT

1. Respondent owns and operates a publicly owned treatment works (“POTW”), which serves the residents of the City of Glenpool in Tulsa County, Oklahoma. The POTW consists of collection lines, appurtenances, and a three-cell aerated lagoon system wastewater treatment facility (“WWTF”), located in the SW¼, NW¼, of Section 11, Township 17 North, Range 12 East of the Indian Meridian, Tulsa County, Oklahoma. The WWTF discharges treated effluent to the Arkansas River, pursuant to OPDES Permit No. OK0027138 (“Permit”), which became effective July 1, 2022.

2. On October 2, 2025, DEQ received Citizen Complaint No. 193382 (“Complaint”), which alleged that there was an unpermitted discharge from the WWTF into Coal Creek that caused a fish kill. The Complaint stated that Respondent’s construction contractor, while doing

work at the WWTF, hit a line that caused an unpermitted discharge into Coal Creek, resulting in a fish kill.

3. On October 2, 2025, Chad Keller, Environmental Programs Specialist for DEQ, received a phone call from Kyle Hughes, Operator of Respondent's WWTF. Mr. Hughes notified Mr. Keller that Respondent's construction contractor, Crossland Heavy Contractors, inadvertently cut a force main between the headworks and the lagoon, resulting in the emptying of a significant volume of the lagoon. Mr. Hughes further noted that the estimated volume of the bypass was 4.9 million gallons. After the phone call, Mr. Keller conducted an inspection of the WWTF. During the inspection, Mr. Keller observed that the force main between the headworks of the WWTF and the lagoon was severed in two (2) places by heavy equipment operated by the contractor and had since been repaired. He also investigated the impact of the incident on Coal Creek at Morris Park, downstream of Respondent's WWTF. Mr. Keller noted that this area of the creek was a murky brown color that matched the lagoon's color and that there were several dead fish.

4. On October 7, 2025, Mr. Keller confirmed that Respondent properly reported the bypass and referred the complaint to the Water Quality Division ("WQD") of DEQ for further investigation and enforcement.

5. On November 21, 2025, DEQ issued Respondent Notice of Violation ("NOV") S-20430-25-1 for the unpermitted discharge from the WWTF into Coal Creek that caused a fish kill. Respondent received the NOV on November 25, 2025.

6. On December 5, 2025, DEQ received Respondent's written response to the NOV. The response stated that a contractor, Crossland Heavy Construction, severed a force main at the WWTF on October 2, 2025. The contractor repaired the two (2) lines within 24 hours of the incident, completely stopping the overflow. Respondent followed protocols to report the bypass to DEQ and effectively took measures to quickly and effectively stop the bypass and mitigate the situation.

7. On December 17, 2025, Ms. Snodgrass contacted Respondent by telephone to discuss the terms of the Consent Order. Ms. Snodgrass left a message with an individual at City Hall requesting to speak to the mayor or city manager about the Consent Order. On December 18, 2025, David Tillotson, City Manager for Respondent, returned Ms. Snodgrass's call. Ms. Snodgrass notified Mr. Tillotson of the terms of the Consent Order, including the amount of the assessed penalty. Ms. Snodgrass offered to email a draft copy of the Consent Order to Respondent for review and offered to arrange a meeting between all interested parties to discuss the terms of

the Consent Order. Mr. Tillotson asked Ms. Snodgrass to email a draft copy of the Consent Order. DEQ emailed a draft copy of the Consent Order to Mr. Tillotson on December 18, 2025.

8. On December 31, 2025, David Agbetunsin, Chief Operations Officer for Respondent, emailed Ms. Snodgrass to “request a meeting with DEQ to discuss the assessed administrative penalty and the possibility of a reduction.” Ms. Snodgrass immediately scheduled a Teams meeting with Respondent for Thursday, January 15, 2026, at 1:00 p.m.

9. On January 15, 2026, representatives from DEQ and Respondent met via TEAMS to discuss the Consent Order. The parties discussed different options to reach a resolution. On February 4, 2026, Mr. Agbetunsin emailed Ms. Snodgrass to inform her that Respondent will pay a Ten Thousand Dollars (\$10,000.00) cash penalty. Mr. Agbetunsin further requested that DEQ finalize the Consent Order for execution.

10. Respondent and DEQ agree that it is beneficial to resolve this matter promptly and by agreement.

11. Respondent and DEQ waive the filing of a petition or other pleading, and Respondent waives the right to a hearing.

CONCLUSIONS OF LAW

12. DEQ has regulatory jurisdiction and authority in this matter, and Respondent is subject to the jurisdiction and authority of DEQ under **27A Oklahoma Statutes (“O.S.”) § 1-3-101(B), 27A O.S. §§ 2-6-201 through 2-6-206**, and the rules promulgated thereunder at **Oklahoma Administrative Code (“OAC”) 252:606**.

13. Respondent and DEQ are authorized by **75 O.S. § 309(E) and 27A O.S. § 2-3-506(B)** to resolve this matter by agreement.

14. By discharging partially treated wastewater resulting in a fishkill, Respondent violated **27A O.S. § 2-6-205(A)**, which states, “Except as otherwise provided in subsection B of this section, it shall be unlawful for any facility, activity or entity regulated by the Department of Environmental Quality pursuant to the Oklahoma Pollutant Discharge Elimination System Act to discharge any pollutant into waters of the state or elsewhere without first obtaining a permit from the Executive Director.”

15. By discharging partially treated wastewater resulting in a fishkill, Respondent violated **OAC 252:606-1-3(b)(3)(W)**, incorporating by reference **Title 40 of Code of Federal Regulations (“C.F.R.”) § 122.41(a)**, which states, “The permittee must comply with all conditions of this permit.

Any permit noncompliance constitutes a violation of the Clean Water Act and is grounds for enforcement action; for permit termination, revocation and reissuance, or modification; or denial of a permit renewal application.”

16. By discharging partially treated wastewater resulting in a fishkill, Respondent violated **OAC 252:606-1-3(b)(3)(W)**, incorporating by reference **Title 40 C.F.R. § 122.41(e)**, which states, “The permittee shall at all times properly operate and maintain all facilities and systems of treatment and control (and related appurtenances) which are installed or used by permittee to achieve compliance with the condition of this permit.”

17. By discharging partially treated wastewater resulting in a fishkill, Respondent violated **OAC 252:606-3-6**, which states, “Applicants must comply with the terms of the permits that are issued.”

18. By discharging partially treated wastewater resulting in a fishkill, Respondent violated **OPDES Permit No. OK0027138, Part III, Section C.4.b.**, which states, “The permittee must comply with all conditions of this permit. Any permit noncompliance constitutes a violation of applicable state and federal laws and the Act, the Oklahoma Environmental Quality Code, and is grounds for enforcement action; for permit termination, revocation and reissuance, or modification; or for denial of a permit renewal application.”

19. By discharging partially treated wastewater resulting in a fishkill, Respondent violated **OPDES Permit No. OK0027138, Part III, Section C.5.**, which states, “The permittee shall take all reasonable steps to minimize or prevent any discharge in violation of this permit which has a reasonable likelihood of adversely affecting human health or the environment.”

20. By discharging partially treated wastewater resulting in a fishkill, Respondent violated **OPDES Permit No. OK0027138, Part III, Section C.9.a.**, which states, “The permittee shall at all times properly operate and maintain all facilities and systems of treatment and control (and related appurtenances) which are installed or used by permittee as efficiently as possible and in a manner which will minimize upsets and discharges of excessive pollutants and will achieve compliance with the conditions of this permit.”

ORDER

21. The Oklahoma Pollutant Discharge Elimination System Act, 27A O.S. §§ 2-6-201 through 2-6-206 authorize DEQ to seek penalties of up to Ten Thousand Dollars (\$10,000.00) per day per violation of the Act and the associated rules. Based on the facts and circumstances of this

case, DEQ assesses a total penalty of Ten Thousand Dollars (\$10,000.00). Respondent shall pay to DEQ this cash penalty within thirty (30) days of execution of this Consent Order. All payments shall be by check or money order payable to the Oklahoma Department of Environmental Quality (or DEQ), showing the Case Number of this Consent Order, and delivered to:

Accounts Receivable
Financial & Human Resources Management
Oklahoma Department of Environmental Quality
P.O. Box 2036
Oklahoma City, Oklahoma 73101-2036

22. If Respondent fails to pay any penalty, DEQ may bring a separate action for collection of the penalty in District Court. An action by DEQ for the collection of a penalty does not affect Respondent's duty to complete the tasks required by this Consent Order.

GENERAL PROVISIONS

23. DEQ has received delegation from the United States Environmental Protection Agency, to implement and enforce the federal National Pollutant Discharge Elimination System ("NPDES") program. A portion of the implementation and enforcement program is to issue timely enforcement actions and impose appropriate penalties. The federal program calls for a significant increase in monetary penalties should this Consent Order be violated or future violations occur.

24. Respondent and DEQ may amend this Consent Order by mutual consent. Such amendments must be in writing, and the effective date of the amendments will be the date on which they are filed by DEQ. Any amendment to this Consent Order may require the payment of an administrative penalty.

25. No informal advice, guidance, suggestions, or comments by employees of DEQ regarding reports, plans, specifications, schedules, and other writings affects Respondent's obligation to obtain written approval by DEQ when required by this Consent Order.

26. Respondent agrees to allow agents of DEQ entry onto Respondent's property, at reasonable times and without advance notice, for the purposes of inspecting, sampling, testing, records review, and other authorized activities to assess compliance with Oklahoma statutes and rules and this Consent Order. If Respondent is required to sample or test, Respondent agrees to give DEQ reasonable notice of the sampling or testing date and time and allow DEQ to observe and/or split sample.

27. Unless otherwise specified, any report, notice, or other communication required under this Consent Order must be in writing and must be sent to:

For DEQ:

Emily Snodgrass, District Representative
Municipal Wastewater Enforcement Section
Water Quality Division
Oklahoma Department of Environmental Quality
P.O. Box 1176
Oklahoma City, Oklahoma 73101-1176
Telephone: (405) 702-8125
Email: Emily.Snodgrass@deq.ok.gov

For Respondent:

Joyce Calvert, Chair
Glenpool Utility Services Authority
12205 South Yukon Ave
Glenpool, OK 74033
Telephone: 918-322-5409
Email: dtillotson@cityofglenpool.com

28. This Consent Order is enforceable as a final order of the Executive Director of DEQ. DEQ retains jurisdiction of this matter for the purposes of interpreting, implementing, and enforcing the terms and conditions of this Consent Order and for the purpose of resolving disputes.

29. Nothing in this Consent Order limits DEQ's right to take enforcement action for violations discovered or occurring after the effective date of this Consent Order.

30. Nothing in this Consent Order excuses Respondent from its obligation to comply with all applicable federal, state, and local statutes, rules, and ordinances. Respondent and DEQ agree that the provisions of this Consent Order are considered severable, and if a court of competent jurisdiction finds any provisions to be unenforceable because they are inconsistent with state or federal law, the remaining provisions will remain in full effect.

31. The provisions of this Consent Order apply to and bind Respondent and DEQ and their officers, officials, directors, employees, agents, successors, and assigns. No change in the ownership or corporate status of Respondent will affect Respondent's responsibilities under this Consent Order.

32. Compliance with the terms and conditions of this Consent Order fully satisfies Respondent's liability to DEQ for all allegations of noncompliance in this Consent Order. If Respondent satisfies the requirements of this Consent Order, DEQ will not pursue any other

remedy, sanction, or relief that might otherwise be available to address the allegations of noncompliance in this Consent Order. Nothing in this Consent Order shall be deemed to satisfy Respondent's liability, if any, for actions or remedies not within the scope of authority of DEQ.

33. Respondent and DEQ agree that the venue of any action in district court for the purposes of interpreting, implementing, and enforcing this Consent Order will be Oklahoma County, Oklahoma.

34. The requirements of this Consent Order will be considered satisfied, and this Consent Order terminates when Respondent receives written notice from DEQ that Respondent has demonstrated that all the terms of the Consent Order have been completed to the satisfaction of DEQ, and that any assessed penalty has been paid.

35. The individuals signing this Consent Order certify that they are authorized to sign it and to legally bind the parties they represent.

36. This Consent Order becomes effective on the date of the latter of the two (2) signatures below.

Summary:

Background

The City of Glenpool, through the Glenpool Utility Services Authority (GUSA), entered a construction contract with Crossland Heavy Contractors for improvements to the Glenpool Wastewater Treatment Plant (WWTP). Construction officially commenced in accordance with the Notice to Proceed issued on January 15, 2025. This is the 12th pay application submitted by the contractor for work completed to date.

The work covered to date is reflected in the attached pay application. Pay Application No. 12 has been reviewed by the project engineer, Garver, and city staff. The amount due to be paid to Crossland Heavy Contractors to date is \$2,592,056.10

Pay application #12	\$2,592,056.10
Total Paid to date	\$22,718,690.77
The original contract sum	\$58,809,985.00
The balance to finish including retainage	\$33,499,238.13

The contractor is in good standing, and there are no known issues or disputes currently. Upon Council approval, this pay application will be submitted to the Oklahoma Water Resources Board (OWRB) for reimbursement under the financing agreement. Attached to this report is the Form 271 showing this reimbursement request and how much has been requested so far from the ARPA dollars. Pay application #12 from Crossland heavy Contractors is also attached to this report for review.

Recommended Action:

Staff recommends that the GUSA Board approve Pay Application #12 from Crossland Heavy Contractors in the total amount of \$2,592,056.10 and authorize submission of this application to the OWRB for reimbursement.

RE: OWRB Project No. ARP-23-0014-DPG - CWSRF Project No. ORF-23-0055-CW –
Garver Project No. 2300438 – Glenpool WWTP Improvements Project Payroll
Certification

Letter to Whom it May Concern,

Garver has collected certified payroll in compliance with Davis-Bacon requirements using the Elation Systems Software through OWRB. Garver has reviewed certified payroll for the above referenced project through January 14, 2026 in association with Crossland Heavy Contractors Application #12 Payroll records indicate that employees are paid weekly, without unauthorized payroll deductions and in accordance with the wage determination established in the contract.

Status: No Significant Finding

If you have any questions, please contact Hillary Nickels at 405-669-8726.

Respectfully,

A handwritten signature in blue ink that reads 'Thomas Helvick'.

Thomas Helvick, PE
Project Manager

RE: WARNING REGARDING OWNER EFT PAYMENTS ON THIS PROJECT

Dear Owner:

ELECTRONIC FUNDS TRANSFER FRAUD ADVISORY; PAYMENT INSTRUCTIONS:

Electronic funds transfer ("EFT") fraud is on the rise. If you receive an email or other message containing EFT transfer instructions on this project, regardless of the purported sender, it is very likely an attempted scam. **Do not follow the instructions and do not respond to the email.** Examples of email scams include messages that appear to be from someone at Crossland Heavy Contractors but are not. For example, the email may be from "heavy_contractors.com" or "heavyc0ntractors.com" rather than "heavycontractors.com". If you have any questions about any email or other message you have received concerning payments on this project, please call our office headquarters in Columbus Kansas and ask to speak directly with Matt Kitchen, Treasury Manager - Office phone: 620-429-1414/Cell: 620-210-2038, or Holly Rhodes, Controller - Cell: 620-762-0928.

Please also advise all of your employees or agents who are or may in the future be involved in making payments on this project of this warning. Any one person on your team who is not aware of this danger could cause payments to be transferred to a scammer. All payments made by any form of EFT, including but not limited to wire transfer or ACH, must be made by using instructions that were provided to you separately prior to or at the time the Project Contract for Construction was executed by you and Crossland Heavy Contractors, Inc. **This information will not change for the duration of the contract unless via change order executed by both parties.**

Because Crossland will expect payments on the Project per the Contract terms regardless of payments made to scammers, you may want to consider this issue in your overall risk management considerations and make sure your insurance products cover any cyber risk to funding this project.

In the event you make project payments by check, please send checks to the following address. **This information will not change for the duration of the contract unless via change order executed by both parties:**

Crossland Heavy Contractors, Inc.
Attn: Accounts Receivable
501 S. East Ave.,
P.O. Box 350
Columbus, KS 66725

Please let us know if you have any questions.

Sincerely,

RE: American Iron and Steel Step Certification:
For Project: Glenpool WWTP – OK2427SPHB
Owner: City of Glenpool
Contact Number: 02B

Certification of Compliance with American Iron and Steel (AIS) Provisions

I, Jason Buckner, certify that (melting, bending, coating, galvanizing, cutting, etc.) process for (manufacturing or fabricating) the following products and/or materials shipped or provided for the subject project is in full compliance with the American Iron and Steel requirement as mandated in EPA's State Revolving Fund Programs.

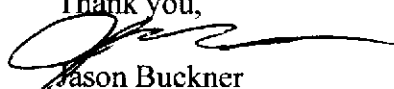

Item, Products and/or Materials:
Steel Bollards, Dumpster Guide Plates, Bar Screen,
Grating and Supports, Lintel Tubing, Bent Plates, Roof Joist,
Pipe Penetration Plates, Trolley Stops, Canopy, Ladders,
Support Channels, Bridge Support, Gauge Galvanized Cover,
Sill Angles, Supports with Decking and Angle Embed
Per our Scope

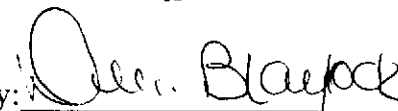

Location of delivery:
11 E. 136th PL
Glenpool, OK 74033

Such process took place at the following location:

Baseline Manufacturing Partners, LP
1070 Tafelski Road
New Waverly, Texas 77358

Thank you,

Jason Buckner

Subject: **American Iron & Steel Certification: Glenpool WWTP**

Refs: (a) American Iron and Steel – Consolidated Appropriations Act P.L. 113-76, 2014

Dear Valued Customer,

We appreciate your interest in the ASSA ABLOY product offerings. ASSA ABLOY certifies that the below listed products and/or materials are in full compliance with the American Iron and Steel requirements as mandated in reference (a), the U.S. Environmental Protection Agency’s State Revolving Fund programs and Section 746 of Title VII of the Consolidated Appropriations Act of 2017 (Division A - Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations Act, 2017.)

<u>Brand</u>	<u>Description</u>	<u>Product</u>
Ceco	Legion Series*	Hollow Metal Door
Ceco	Imperial Series*	Hollow Metal Door
Ceco	SQ Series*	Hollow Metal Frame
Ceco	BU Series*	Hollow Metal Frame

ASSA ABLOY certifies that the processes for manufacturing or fabricating the below listed products and/or materials on this project took place at the following U.S. locations:

Melted/Poured: Nucor Steel: 4301 Iverson Blvd, Trinity, AL 35673
Melted/Poured: Steel Dynamics: 1945 Airport Road, Columbus, MS 39701
Manufactured/Machined: Ceco Door: 9159 Telecom Drive, Milan, TN 38358

*The above listed products may be available from multiple ASSA ABLOY manufacturing or ASSA ABLOY Service Centers and therefore must be flagged as "Must meet American Iron & Steel requirements" on your purchase orders.

If you need further information regarding the conformance requirements of these products, please contact your ASSA ABLOY Door Security Solutions representative or the undersigned.

The melting, casting, and processing to include application of the lining for the manufacture of the Ductile Iron Pipe, Class 53 took place at one or more of the following locations:

United States Pipe and Foundry Company, LLC
Marvel City Mini Mill
2101 Eighteenth Avenue North
Bessemer, Alabama 35020

United States Pipe and Foundry Company, LLC
Alabama Works
2023 Saint Louis Avenue
Bessemer, Alabama 35020

Griffin Pipe Products
10 Adams Street
Lynchburg, Virginia 24504-1446

Vulcan Painter, Inc
Bessemer, Alabama 35020

Fabrication took place at the following locations:

U.S. Pipe Fabrication
7030 Old Pearsall Rd
San Antonio, TX 78252

Flanges:

The complete manufacturing process including melting, casting and processing of the ductile iron flanges and fittings took place at the following location:

Tyler Union
Anniston, AL

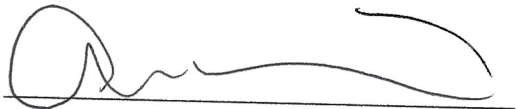

Star Pipe
Houston, TX

Associated Metalcast
Oxford, AL

Eureka Foundry Company
Chattanooga, Tennessee

If any of the above compliance statements change for the material on this project we will immediately notify the distributor contact.

Sincerely,

Subject: American Iron and Steel Certification for Project:

Glenpool Wastewater Treatment Plant
Glenpool, OK

To Whom It May Concern:

This letter certifies that the following products and/or materials shipped/provided to the subject project are in full compliance with the American Iron and Steel requirement as mandated in the EPA's State Revolving Fund Programs.

Item, Products, and/or Materials:

1. Reinforcing Steel, Grade 60

Such processes took place at the following locations:

1. Nucor Steel – Sedalia, MO
OR
2. CMC Steel – Durant, OK
OR
3. CMC Steel – Seguin, TX

If any of the above compliance statements change while providing material to this project we will immediately notify the prime contractor and engineer.

Thank you,

A handwritten signature in blue ink, appearing to read "Scott Morrison".

To: Crossland Heavy Contractors
Attn: Jason Smith
Ref: Pratt Valves / Glenpool WWTP

Dear Mr. Smith,

Mueller / Pratt has been producing and supplying valves for the water / wastewater industry for American Iron and Steel Act projects since its inception. Various Pratt Valves are exempt from AIS due to material content of the iron and steel being less than 50% of the product makeup. This allows Pratt to be in conformance with the requirements of the project specifications. The below guideline by the EPA outlines the acceptance of this exemption.

[American Iron and Steel Requirements for State Revolving Funds](#)

This link takes you to training slides provided by the EPA. Specifically, page 29 and 30 explains if this is not an iron and steel product, then it does not need to meet AIS Requirements. This is the scenario for the valves on the above referenced project.

Please also see the attached Conformance letter from Pratt listing the specific valves being supplied for the Glenpool project.

Sincerely,

Gregory Dill

Is the product “Primarily” Iron or Steel?

- Products greater than 50% iron or steel, measured by material costs only (not labor, overhead, shipping, etc.)
- How do I calculate material cost?
 - Fire hydrant example:
 - Typical iron/steel components – bonnet, body and shoe
 - Other non-iron/steel material costs – stem, coupling, valve, seals, etc
 - Assembly of the internal workings into the hydrant body would not be included in cost calculation

What is an Iron and Steel Product Under the AIS Requirement?

EPA American Iron and Steel Certification of Conformance

7/31/25

Location: Glenpool, OK
 Project: Glenpool WWTP Improvements
 Letter Ref. Nr.: 1409
 Order Nr.: 53888119HP

As of the date of this certification, I certify that the above items are not primarily iron or steel products because they are composed of less than 50% iron or steel content as measured by material cost. The products are in conformance with the EPA memo titled "Implementation of American Iron and Steel provisions of P.L. 113-76, Consolidated Appropriations Act, 2014".

A copy of this document is available at:

"<http://www.epa.gov/sites/production/files/2015-09/documents/ais-final-guidance-3-20-14.pdf>" (please see items 11 and 12 on pages 5 and 6).

Items, Products and/or Materials:

RE: American Iron and Steel certification for subject project

Glenpool WWTP OK/Glenpool, OK

AASI Proposal #174434 dated November 8, 2024

AASI Engineer's Submittal Data

AASI reference Project ID# 116490 / SO# 109068

Crossland Heavy Contractors, Inc. PO# 020

Aqua-Aerobic Systems, Inc. iron and steel products described in the above documents are in compliance with the American Iron and Steel (AIS) provisions of P.L. 113-76 of the Consolidated Appropriations Act, 2014 for the subject project. This step certification is based upon the following United States Environmental Protection Agency documents:

1. American Iron and Steel Requirement Guidance (March 20, 2014).
2. Questions and Answers Part 1: Valves and Hydrants (May 30, 2014).
3. Questions and Answers Part 2: Products, Projects and Process (September 10, 2014)
4. American Iron and Steel Requirement - Approved National Waiver; National Product Waiver for Minor Components in Iron and Steel Products (with Cost Ceiling) (October 27, 2015)
5. Consolidated and Further Continuing Appropriations Act 2015 (Jan 15, 2015)
6. EPA Response to AASI Guidance Clarification Request (July 23, 2015)

I certify the following mechanical and electrical equipment products shipped/provided to the subject project are not a "construction material" for purposes of the AIS requirement per item # 22 of the "American Iron and Steel Requirement Guidance (March 20, 2014)" and answers to Product Questions per "Questions and Answers Part 2: Products, Projects and Process (September 10, 2014)".

I further certify components of the mechanical and electrical equipment products on the "Covered Iron and Steel Products" list (such as valves, pipes, flanges, and pipe fittings, etc.) are appurtenances used specifically and solely with non-covered mechanical and electrical equipment products per product question # 11 of "Questions and Answers Part 2: Products, Projects and Process (September 10, 2014)" and the EPA response to AASI Guidance Clarification Request (July 23, 2015).

Description of the mechanical and electrical equipment products:

AquaSBR® Sequencing Batch Reactor

If any of the above compliance statements change while providing material to this project we will immediately notify the prime contractor and the engineer. If you have any questions regarding this certification, please do not hesitate to contact us.

CERTIFIED BY: Aqua-Aerobic Systems, Inc.

Sincerely,

Mike Swartz

To:

Chair and Board of Trustees, Glenpool Utility Services Authority
 Mayor and Council, City of Glenpool

From: David Agbetunsin, City Engineer

Meeting Date: March 2, 2026

Department/Office: Engineering Department

Item Name:

Summary:

The City of Glenpool, through the Glenpool Utility Services Authority (GUSA), entered a construction contract with Crossland Heavy Contractors for improvements to the Glenpool Wastewater Treatment Plant (WWTP). Construction officially commenced in accordance with the Notice to Proceed issued on January 15, 2025. This is the 13th pay application submitted by the contractor for work completed to date.

The work covered to date is reflected in the attached pay application. Pay Application No. 13 has been reviewed by the project engineer, Garver, and city staff. The amount due to be paid to Crossland Heavy Contractors to date is **\$4,810,326.90**

Pay application #13	\$4,810,326.90
Total Paid to date	\$22,718,690.77
The original contract sum	\$58,809,985.00
The balance to finish including retainage	\$28,688,911.23

The contractor is in good standing, and there are no known issues or disputes currently. Upon Council approval, this pay application will be submitted to the Oklahoma Water Resources Board (OWRB) for reimbursement under the financing agreement. Attached to this report is the Form 271 showing this reimbursement request and how much has been requested so far from the ARPA dollars. Pay application #13 from Crossland heavy Contractors is also attached to this report for review.

Recommended Action:

Staff recommends that the GUSA Board approve Pay Application #13 from Crossland Heavy Contractors in the total amount of **\$4,810,326.90** and authorize submission of this application

to the OWRB for reimbursement.

Garver Project No. 2300438 – Glenpool WWTP Improvements Project Payroll
Certification

Letter to Whom it May Concern,

Garver has collected certified payroll in compliance with Davis-Bacon requirements using the Elation Systems Software through OWRB. Garver has reviewed certified payroll for the above referenced project through February 13, 2026 in association with Crossland Heavy Contractors Application #13 Payroll records indicate that employees are paid weekly, without unauthorized payroll deductions and in accordance with the wage determination established in the contract.

Status: No Significant Finding

RE: WARNING REGARDING OWNER EFT PAYMENTS ON THIS PROJECT

Dear Owner:

ELECTRONIC FUNDS TRANSFER FRAUD ADVISORY; PAYMENT INSTRUCTIONS:

Electronic funds transfer ("EFT") fraud is on the rise. If you receive an email or other message containing EFT transfer instructions on this project, regardless of the purported sender, it is very likely an attempted scam. **Do not follow the instructions and do not respond to the email.** Examples of email scams include messages that appear to be from someone at Crossland Heavy Contractors but are not. For example, the email may be from "heavy_contractors.com" or "heavyc0ntractors.com" rather than "heavycontractors.com". If you have any questions about any email or other message you have received concerning payments on this project, please call our office headquarters in Columbus Kansas and ask to speak directly with Matt Kitchen, Treasury Manager - Office phone: 620-429-1414/Cell: 620-210-2038, or Holly Rhodes, Controller - Cell: 620-762-0928.

Please also advise all of your employees or agents who are or may in the future be involved in making payments on this project of this warning. Any one person on your team who is not aware of this danger could cause payments to be transferred to a scammer. All payments made by any form of EFT, including but not limited to wire transfer or ACH, must be made by using instructions that were provided to you separately prior to or at the time the Project Contract for Construction was executed by you and Crossland Heavy Contractors, Inc. **This information will not change for the duration of the contract unless via change order executed by both parties.**

Because Crossland will expect payments on the Project per the Contract terms regardless of payments made to scammers, you may want to consider this issue in your overall risk management considerations and make sure your insurance products cover any cyber risk to funding this project.

In the event you make project payments by check, please send checks to the following address. **This information will not change for the duration of the contract unless via change order executed by both parties:**

Crossland Heavy Contractors, Inc.

RE: American Iron and Steel Step Certification:
For Project: Glenpool WWTP – OK2427SPHB
Owner: City of Glenpool
Contact Number: 02B

Certification of Compliance with American Iron and Steel (AIS) Provisions

I, Jason Buckner, certify that (melting, bending, coating, galvanizing, cutting, etc.) process for (manufacturing or fabricating) the following products and/or materials shipped or provided for the subject project is in full compliance with the American Iron and Steel requirement as mandated in EPA's State Revolving Fund Programs.

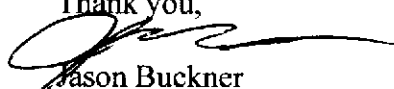

Item, Products and/or Materials:
Steel Bollards, Dumpster Guide Plates, Bar Screen,
Grating and Supports, Lintel Tubing, Bent Plates, Roof Joist,
Pipe Penetration Plates, Trolley Stops, Canopy, Ladders,
Support Channels, Bridge Support, Gauge Galvanized Cover,
Sill Angles, Supports with Decking and Angle Embed
Per our Scope

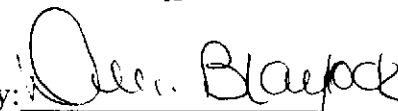

Location of delivery:
11 E. 136th PL
Glenpool, OK 74033

Such process took place at the following location:

Baseline Manufacturing Partners, LP
1070 Tafelski Road
New Waverly, Texas 77358

Thank you,

Jason Buckner

Refs: (a) American Iron and Steel – Consolidated Appropriations Act P.L. 113-76, 2014

Dear Valued Customer,

We appreciate your interest in the ASSA ABLOY product offerings. ASSA ABLOY certifies that the below listed products and/or materials are in full compliance with the American Iron and Steel requirements as mandated in reference (a), the U.S. Environmental Protection Agency’s State Revolving Fund programs and Section 746 of Title VII of the Consolidated Appropriations Act of 2017 (Division A - Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations Act, 2017.)

Brand	Description	Product
Ceco	Legion Series*	Hollow Metal Door
Ceco	Imperial Series*	Hollow Metal Door
Ceco	SQ Series*	Hollow Metal Frame
Ceco	BU Series*	Hollow Metal Frame

ASSA ABLOY certifies that the processes for manufacturing or fabricating the below listed products and/or materials on this project took place at the following U.S. locations:

- Melted/Poured: Nucor Steel: 4301 Iverson Blvd, Trinity, AL 35673
- Melted/Poured: Steel Dynamics: 1945 Airport Road, Columbus, MS 39701
- Manufactured/Machined: Ceco Door: 9159 Telecom Drive, Milan, TN 38358

*The above listed products may be available from multiple ASSA ABLOY manufacturing or ASSA ABLOY Service Centers and therefore must be flagged as "Must meet American Iron & Steel requirements" on your purchase orders.

If you need further information regarding the conformance requirements of these products, please contact your ASSA ABLOY Door Security Solutions representative or the undersigned.

Regards,

Evan Slee

Subject: American Iron and Steel Step Certification
 Job Name: Glenpool WWTP
 Location: Glenpool, OK
 Contractor: Crossland
 Engineer: Garver
 Distributor: Core & Main
 Purchase Order: 224225
 Project No. ARP-23-0014-DPG

I, Ashley Williams, certify that the melting, casting, and processing to include the application of lining and coating for the manufacture of the following products provided to the subject project is in full compliance with the American Iron and Steel requirement as mandated in EPA's States Revolving Fund Programs.

Products:

The melting, casting, and processing to include application of the lining for the manufacture of the Ductile Iron Pipe, Class 53 took place at one or more of the following locations:

United States Pipe and Foundry Company, LLC
Marvel City Mini Mill
2101 Eighteenth Avenue North
Bessemer, Alabama 35020

United States Pipe and Foundry Company, LLC
Alabama Works
2023 Saint Louis Avenue
Bessemer, Alabama 35020

Griffin Pipe Products
10 Adams Street
Lynchburg, Virginia 24504-1446

Vulcan Painter, Inc
Bessemer, Alabama 35020

Fabrication took place at the following locations:

U.S. Pipe Fabrication
7030 Old Pearsall Rd
San Antonio, TX 78252

Flanges:

The complete manufacturing process including melting, casting and processing of the ductile iron flanges and fittings took place at the following location:

Tyler Union
Anniston, AL

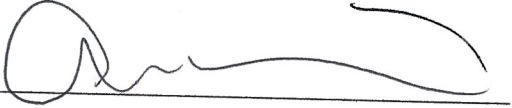

Star Pipe
Houston, TX

Associated Metalcast
Oxford, AL

Eureka Foundry Company
Chattanooga, Tennessee

If any of the above compliance statements change for the material on this project we will immediately notify the distributor contact.

Sincerely,

A handwritten signature in black ink, appearing to read 'Ashley Williams', written over a horizontal line.

Subject: American Iron and Steel Certification for Project:

Glenpool Wastewater Treatment Plant
Glenpool, OK

To Whom It May Concern:

This letter certifies that the following products and/or materials shipped/provided to the subject project are in full compliance with the American Iron and Steel requirement as mandated in the EPA's State Revolving Fund Programs.

Item, Products, and/or Materials:

1. Reinforcing Steel, Grade 60

Such processes took place at the following locations:

1. Nucor Steel – Sedalia, MO
OR
2. CMC Steel – Durant, OK
OR
3. CMC Steel – Seguin, TX

If any of the above compliance statements change while providing material to this project we will immediately notify the prime contractor and engineer.

Thank you,

A handwritten signature in blue ink, appearing to read "Scott Morrison".

To: Crossland Heavy Contractors
Attn: Jason Smith
Ref: Pratt Valves / Glenpool WWTP

Dear Mr. Smith,

Mueller / Pratt has been producing and supplying valves for the water / wastewater industry for American Iron and Steel Act projects since its inception. Various Pratt Valves are exempt from AIS due to material content of the iron and steel being less than 50% of the product makeup. This allows Pratt to be in conformance with the requirements of the project specifications. The below guideline by the EPA outlines the acceptance of this exemption.

[American Iron and Steel Requirements for State Revolving Funds](#)

This link takes you to training slides provided by the EPA. Specifically, page 29 and 30 explains if this is not an iron and steel product, then it does not need to meet AIS Requirements. This is the scenario for the valves on the above referenced project.

Please also see the attached Conformance letter from Pratt listing the specific valves being supplied for the Glenpool project.

Sincerely,

Gregory Dill

Greg Dill

Local Service, Nationwide®

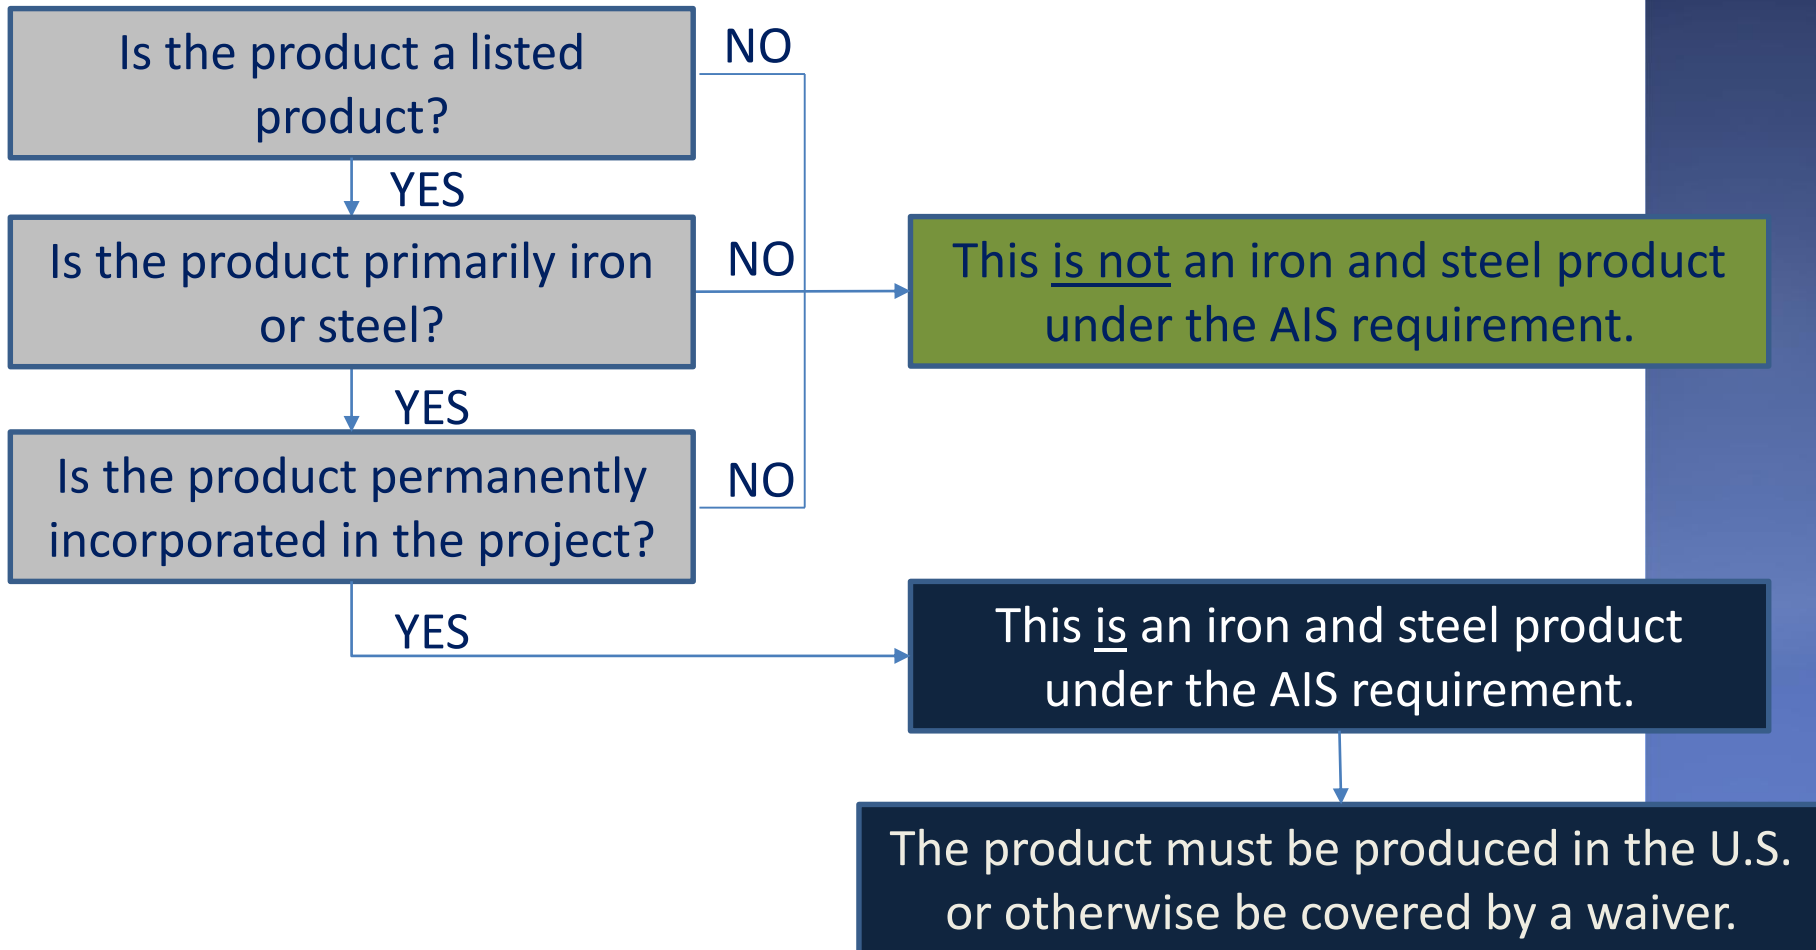

Is the product “Primarily” Iron or Steel?

- Products greater than 50% iron or steel, measured by material costs only (not labor, overhead, shipping, etc.)
- How do I calculate material cost?
 - Fire hydrant example:
 - Typical iron/steel components – bonnet, body and shoe
 - Other non-iron/steel material costs – stem, coupling, valve, seals, etc
 - Assembly of the internal workings into the hydrant body would not be included in cost calculation

What is an Iron and Steel Product Under the AIS Requirement?

RE: American Iron and Steel certification for subject project

Glenpool WWTP OK/Glenpool, OK

AASI Proposal #174434 dated November 8, 2024

AASI Engineer's Submittal Data

AASI reference Project ID# 116490 / SO# 109068

Crossland Heavy Contractors, Inc. PO# 020

Aqua-Aerobic Systems, Inc. iron and steel products described in the above documents are in compliance with the American Iron and Steel (AIS) provisions of P.L. 113-76 of the Consolidated Appropriations Act, 2014 for the subject project. This step certification is based upon the following United States Environmental Protection Agency documents:

1. American Iron and Steel Requirement Guidance (March 20, 2014).
2. Questions and Answers Part 1: Valves and Hydrants (May 30, 2014).
3. Questions and Answers Part 2: Products, Projects and Process (September 10, 2014)
4. American Iron and Steel Requirement - Approved National Waiver; National Product Waiver for Minor Components in Iron and Steel Products (with Cost Ceiling) (October 27, 2015)
5. Consolidated and Further Continuing Appropriations Act 2015 (Jan 15, 2015)
6. EPA Response to AASI Guidance Clarification Request (July 23, 2015)

I certify the following mechanical and electrical equipment products shipped/provided to the subject project are not a "construction material" for purposes of the AIS requirement per item # 22 of the "American Iron and Steel Requirement Guidance (March 20, 2014)" and answers to Product Questions per "Questions and Answers Part 2: Products, Projects and Process (September 10, 2014)".

I further certify components of the mechanical and electrical equipment products on the "Covered Iron and Steel Products" list (such as valves, pipes, flanges, and pipe fittings, etc.) are appurtenances used specifically and solely with non-covered mechanical and electrical equipment products per product question # 11 of "Questions and Answers Part 2: Products, Projects and Process (September 10, 2014)" and the EPA response to AASI Guidance Clarification Request (July 23, 2015).

Description of the mechanical and electrical equipment products:

AquaSBR® Sequencing Batch Reactor

If any of the above compliance statements change while providing material to this project we will immediately notify the prime contractor and the engineer. If you have any questions regarding this certification, please do not hesitate to contact us.

Department/Office: Engineering Department

Item Name:

Summary:

As the Wastewater Treatment Plant Project advances, several field changes have become necessary due to evolving conditions and design modifications. These changes have resulted in additional costs. The table below provides a summary of the Allowance Authorizations that have cost implications.

ALLOWANCE AUTHORIZATION #	DESCRIPTION	COST
Allowance Authorization No. 17	Stainless Steel Bead Blasting Credit	\$25,000.00
Allowance Authorization No. 18	SBR Canopy Gutter Attachment and DEQ fine	\$2,557.30
Total Credit Due Back to the City		\$22,557.30

More information on the allowance authorization is detailed below

Allowance Authorization No. 14: Aerobic Digester Ladder Safety Device Modifications

This change provides a credit for removing the bead blasting requirement for stainless steel piping.

Allowance Authorization No. 15: Solids Dewatering Building Over Excavation

This change provides additional steel for the gutters to attach to the blower canopy at the SBR structure.

This Allowance Authorization includes a reimbursement for an ODEQ fine.

Matthew,

Wanted to verify with you that bead blast on this Blower pipe is required.

We would offer a \$25,000.00 Deduct if it's not needed.

Thanks,

Bryson VanDermyden

Question

Question from Matthew Cox Crossland Heavy Contractors, Inc. - Columbus, KS on Thursday, Dec 11, 2025 at 02:27 PM CST

Drawing 30-S304 shows the SBR blower canopy decking extending 2'-5" out from the edge of the column. The overhang will prevent water from running off into the gutters and downspouts. Additionally, the gutters cannot attach directly to the metal deck and dense glass, as shown.

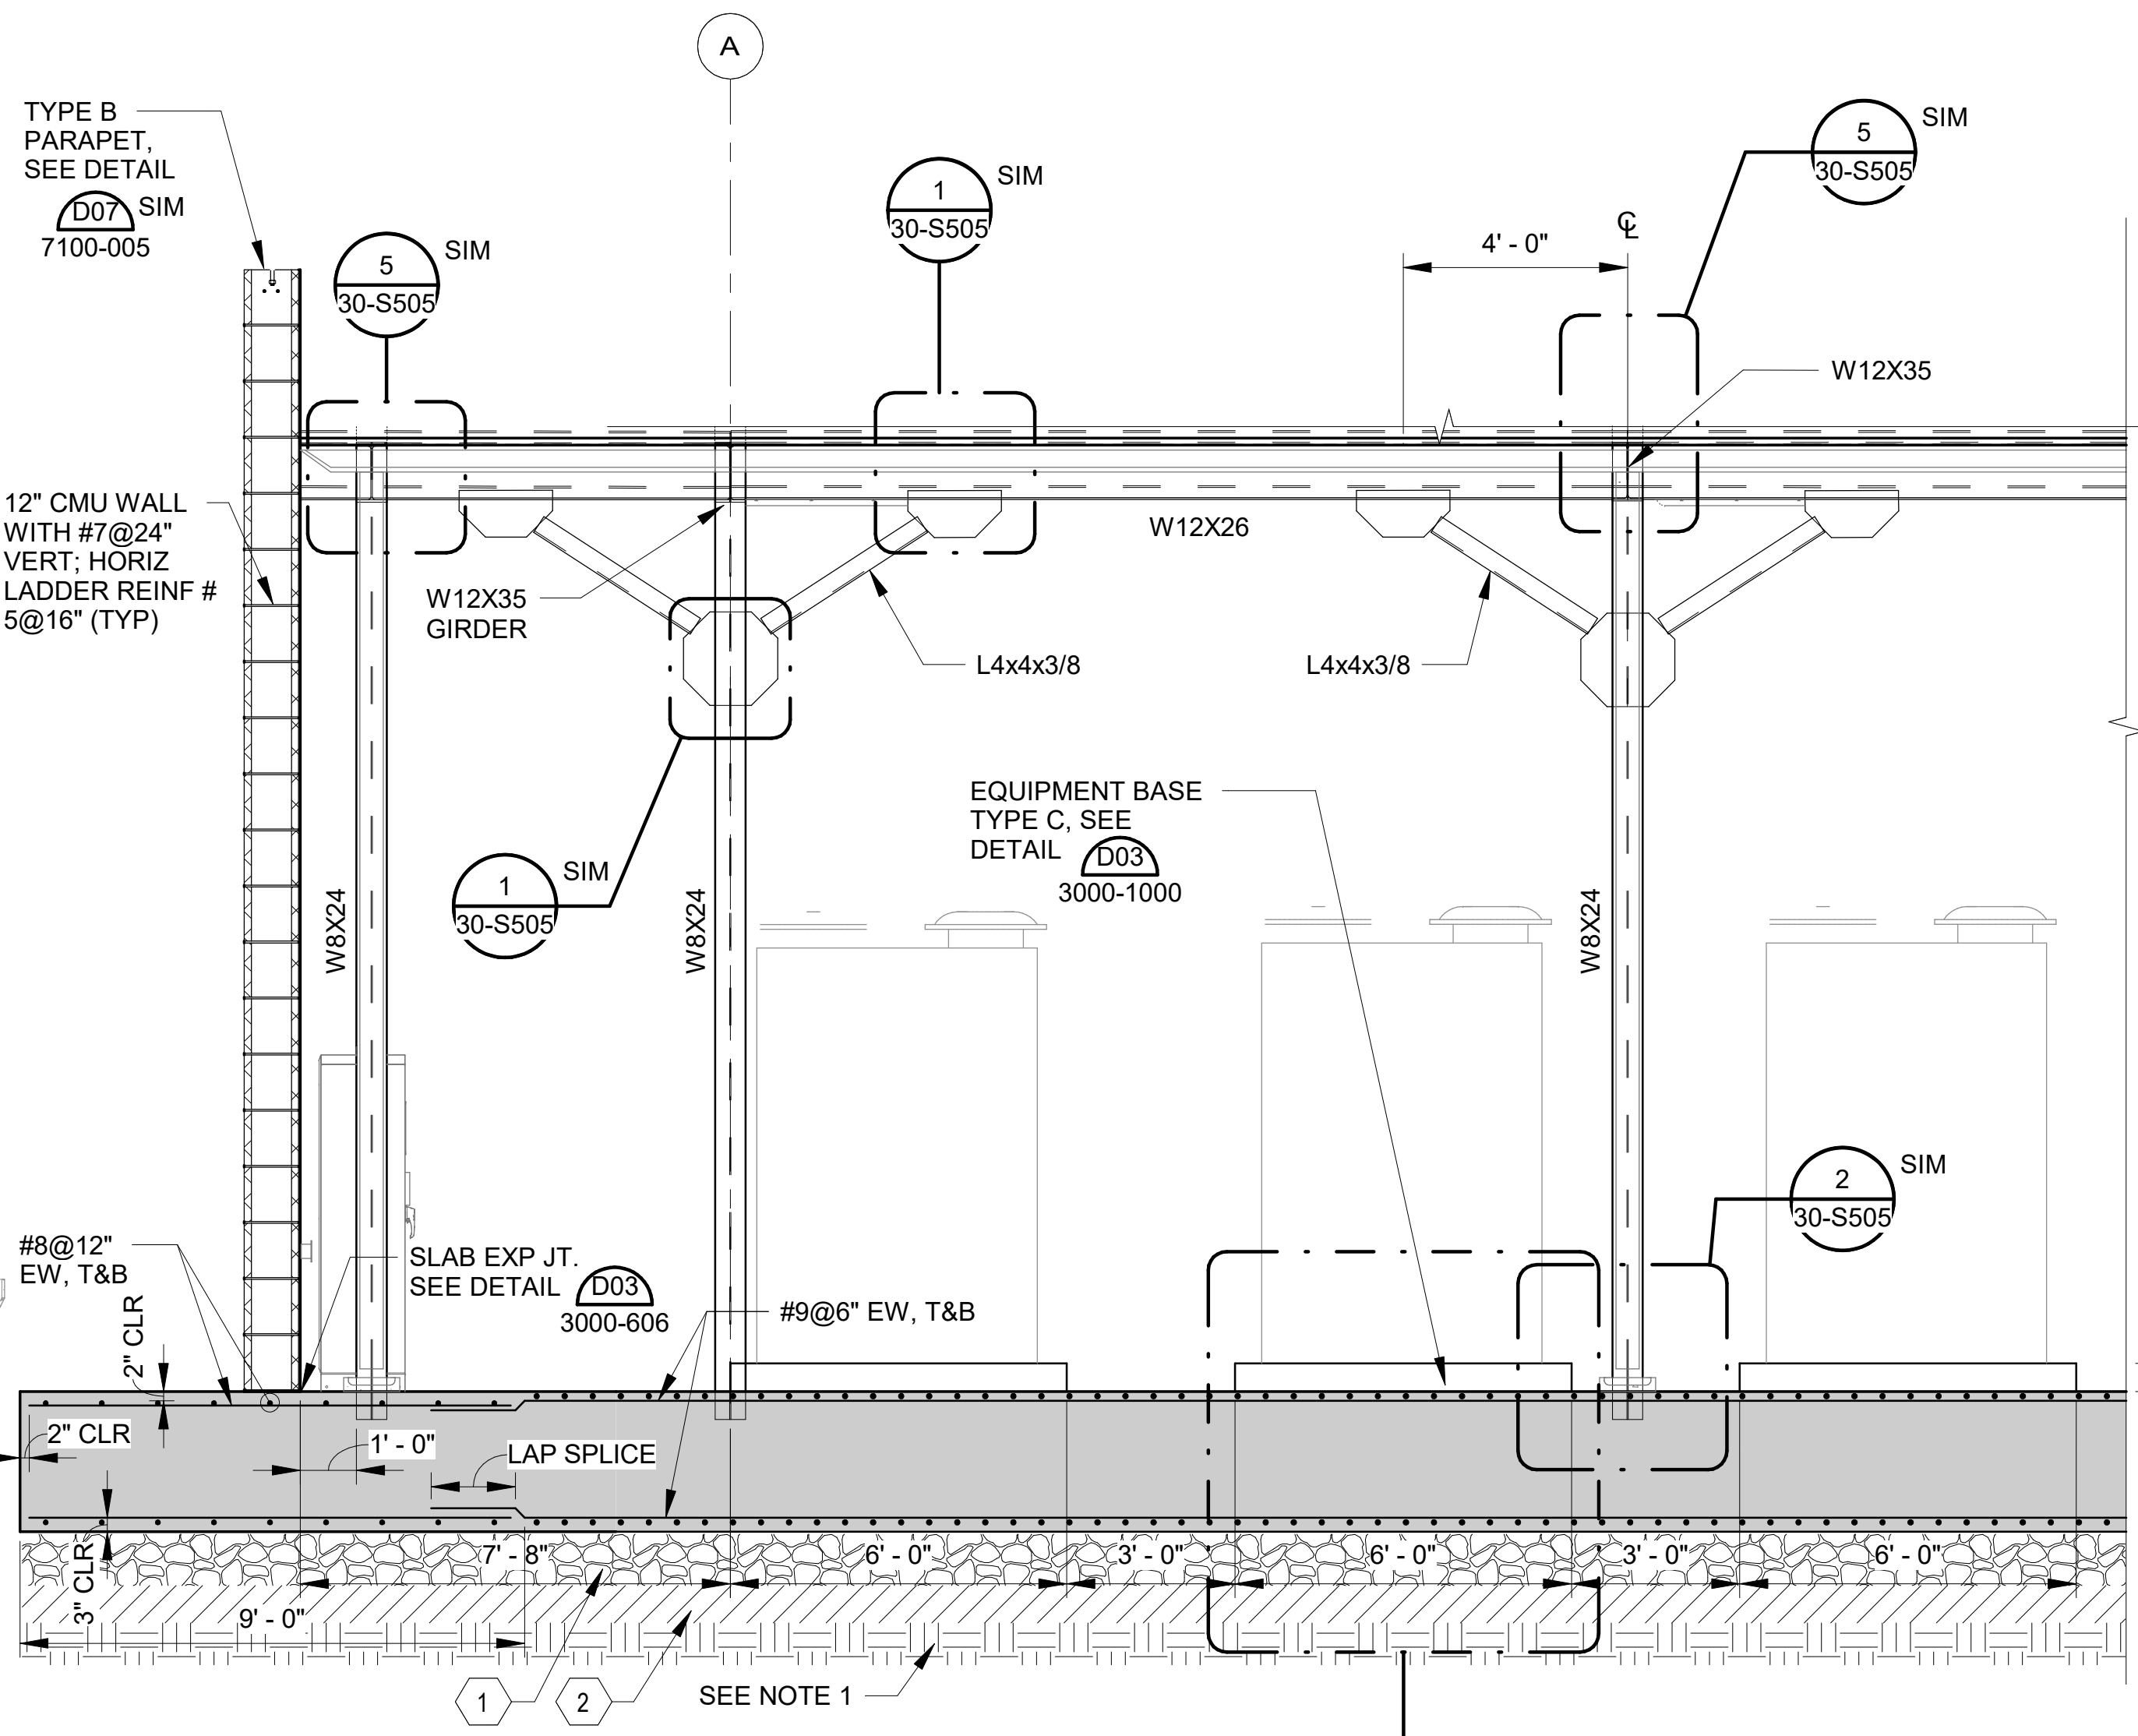

As discussed during progress meeting No. 11 on 12/17/25, CHC proposes to reduce the canopy overhang and install a steel angle beneath the metal decking to attach the guttering. Please see the proposed details and materials shown on Baseline Manufacturing's drawing number E23 for the SBR Blower Canopy. Please advise if the proposed materials and methods for attaching the guttering to the SBR Blower Canopy is acceptable. If accepted, CHC will submit a formal allowance authorization for the proposed materials and labor to install.

Construction Contract

Crossland Heavy Contractors serves as the general contractor for the City of Glenpool Wastewater Treatment Plant Improvement Project, in accordance with the contract effective December 19, 2024.

Crossland Heavy Contractors	Amount (\$)
Amount Paid to Date	\$ 22,718,690.77
Pay Application in this period - Pay 12	\$2,592,056.10
Pay 13	\$4,810,326.90
The original contract sum	\$58,809,985.00
The balance to finish including retainage	\$28,688,911.23

Pay Application

- Pay Application #12 and 13 will be presented to GUSA Board on March 2, 2026.

Schedule

- Construction is scheduled to be completed by March 2027.

Construction Updates

- Continued SBR concrete walls and suspended walkway
- Continued Headworks concrete and began installing slide gates
- Continued roofing on the maintenance building, admin building and SBR Blower canopy
- Continued masonry on solid dewatering and headworks
- Continued interior work at admin building
- Continued electrical ductbank north of SBR
- Installed and tested the 24" SE line from the SBR vault to the UV
- Continued installing the yard PD lines
- Poured screw press equipment pads in Hypo Building
- Removed the installed new roof at Hypo Building
- Poured chemical tote platform in Hypo Building
- Began installing electrical equipment in the electrical building
- Behan installing the metal canopy on the west side of solids dewatering
